

# DOLTON D'SILVA

## Senior Software Developer

📞 9175083847

@ doltondsilva23@gmail.com

📍 Mumbai

## SUMMARY

When I was 21, I climbed Mount Kalsubai. Not metaphorically, I literally climbed the highest mountain in Maharashtra. Now, I put that perseverance to work as a senior software developer for Digite Infotech. I don't have to climb any mountains, but I do have to move them and deliver solutions with top quality on time.

## EXPERIENCE

### Senior Software Engineer

#### Digite Infotech Pvt Limited

📅 09/2014 - Ongoing 📍 Mumbai

Builds web applications for Project Management Domain

- Design, build and maintain web applications, using authoring or scripting languages, content creation tools, management tools.
- Develop performance scripts and build the infrastructure using automation tools and shell scripting on cloud environment to test the application performance for tuning as well as load testing.
- Build web services and perform integration with various tools for a better end using experience with feature rich application.
- Perform or direct web application updates and installation on customer environments.
- Evaluate code to ensure that it is valid, is properly structured, meets industry standards and is compatible with browsers.

## MY TIME ON A WORKING DAY

## MY LIFE PHILOSOPHY

**"All work and no play makes jack a dull boy"**

*A statement read out in school once which had an impact for a lifetime.*

*So if you are looking for a geek then you are knocking on the wrong door*

*But if you need a person who maintains work life balance then you are always welcome.*

## INDUSTRY EXPERTISE

Leadership

Management

Punctuality

## ACHIEVEMENTS

### Represented Company in Sports Tournaments

Represented in the Corporate level sports tournaments which shows software developments is not the only field in which one has to excel

### Represented Company in Corporate Contests

Represented the company in corporate level competitions such as TestAutothon
